

# SKERRAY EXCEL

**LENGTH: 538 cm. (17' 8")    WIDTH : 61 cm. (24")    DEPTH : 32cm. (12.5")**  
**COCKPIT : Inside 69 cm. (27"), Overall 77 cm. (30.5 ")    WEIGHT : 25Kg**

The EXCEL is Valley's 1993 addition to the popular Skerray Range. A new higher volume kayak for optimum load carrying, the Excel is longer and wider than the original Skerray - making a fast cruising boat with reassuring initial stability and generous storage space.

Excel is easy to pack and unload through Valley's unique watertight oval hatch system mounted to both front and rear compartments. Two Cockpit styles are available: 1) A new keyhole cockpit makes for easy entry and exit, but retains wide comfortable knee and thigh grips for control when conditions require: 40 cm (15.75") seat pan : 2) A Wider version of the keyhole cockpit with a 43cm (17") wide seat pan and more space between the thigh braces.

The steady straight running characteristics of the fish form hull shape can be complemented with a retractable skeg system, or a C-Trim Rudder.

Of course we can tailor an Excel to your exact requirements with our range of custom fittings:

- Deck Fittings** : Standard Expedition Layout or Additional Recesses where you want.
- Hatches** : An extra VCP Round Hatch can be fitted behind the cockpit offset right or left on the rear deck, or one can be fitted in the rear bulkhead.
- Bulkheads** : Front : Standard just rear of front hatch, or to suit your leg length as a footrest.  
Rear : All positions from behind the cockpit backward.  
Extra Rear Bulkheads can be custom fitted with extra rear hatches.
- Pumps** : Rear Mounted Chimp Handpump/Foredeck mounted Compac 50/Chimp Footpump on Front Bulkhead.
- Compass** : Recess for Silva 70P or Suunto K15F or surface mount Silva 70UN or Silva 85 mounted on front hatch cover. Recess positions can be moved.
- Footrest** : Failsafe Bar, Keepers Plastic, Yakima Alloy, Bulkhead with Foam Padding.
- Extras** : Backstrap, Kneetube, Towing Cleat and Bullseye Fairlead, H.J. Paddle Tubes, Deckstripes, Metalflake Colours, Extra Strengthening, Take Apart Bulkheads for 2 or 3 piece boat.
- Colours** : Standard Range on Price List, Plus (almost) anything else to order.

- GLASS OR DIOLEN CONSTRUCTION

DIMENSIONS	CMS	FT/INS
LENGTH	518	17'0"
BEAM	58	23"
DEPTH	34	13 $\frac{1}{2}$ "

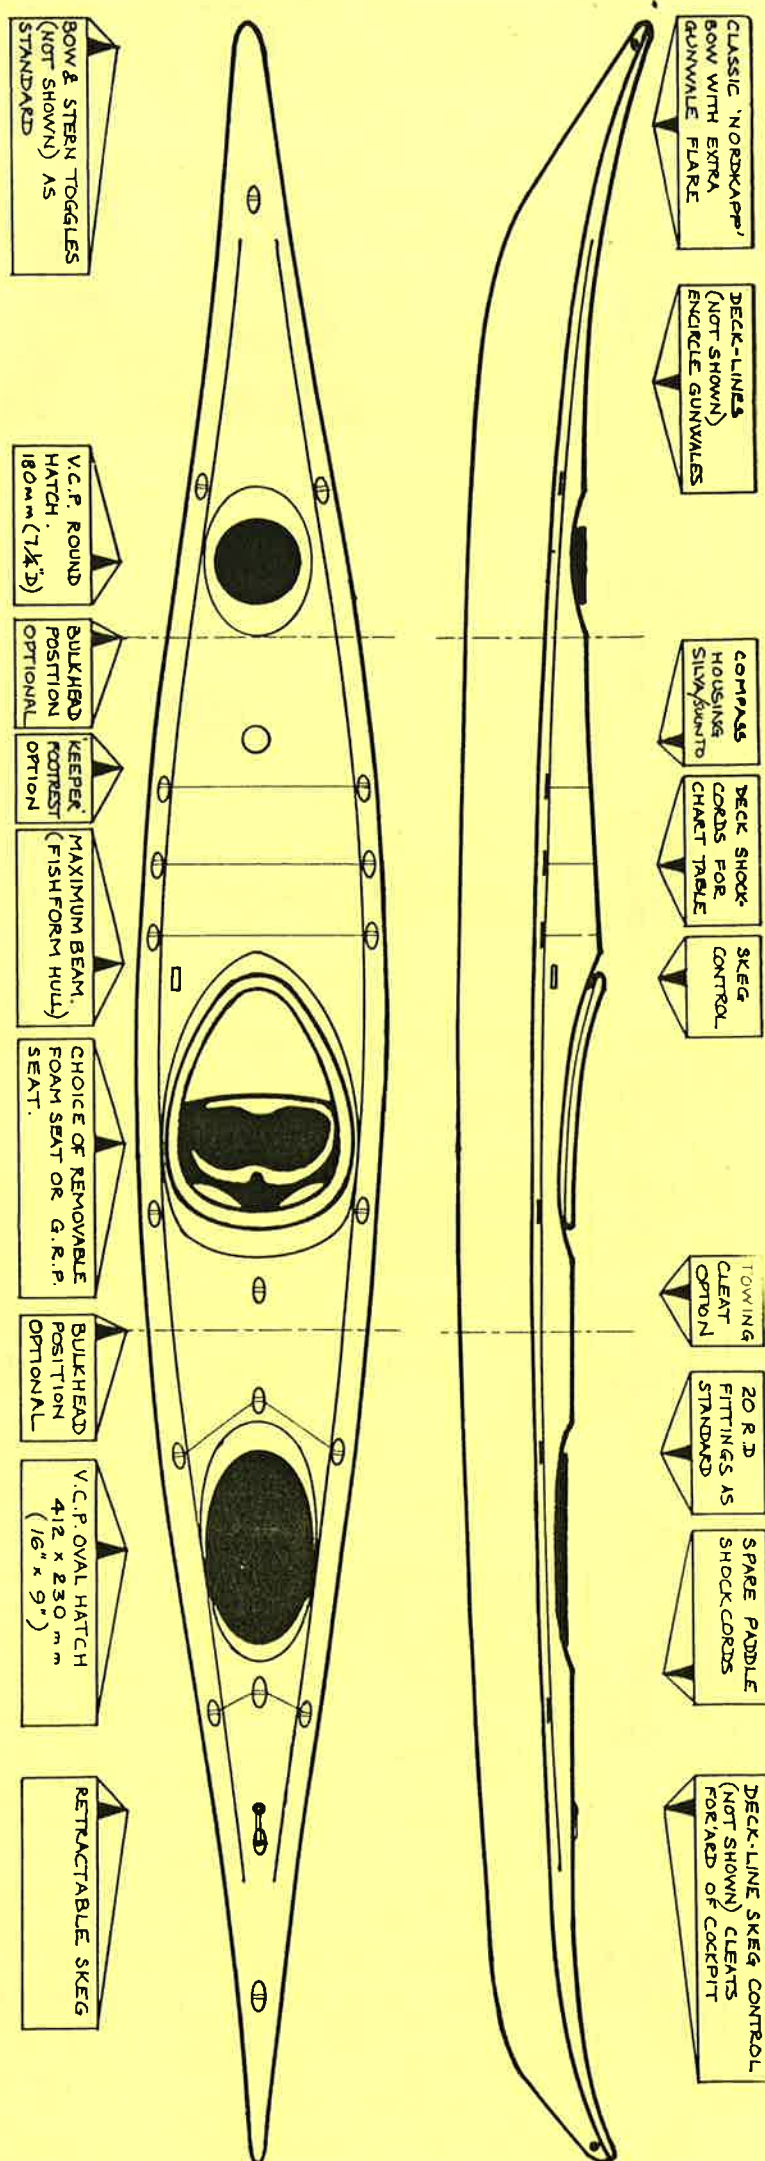

BCU OPINION is that safe kayakers develop their skill by practice and experience over several seasons. Buy a **SKERRAY\*** as your first sea kayak — you'll still paddle it when you're an expert!

## NO NEED TO UPGRADE —

\*SKERRY IS AN OFFSHORE ROCKY OUTCROP. SKERRAY IS A VILLAGE ON THE REMOTE NORTH SHORE OF SCOTLAND. PRONOUNCE THEM BOTH 'SKERRI'

DISPLACEMENT	LITRES
Front Compartment	60
Rear Compartment	100
Cockpit	170
TOTAL	330
